SUMMARY STATEMENT

Senior Front End Developer with 9 years of Experience in Designing and making Enterprise apps for the web, I can pick the right strategy for developing cross-platform applications that run on a variety of desktop computers as well as mobile devices.

SELECTED PROJECTS

- **Arrow Electronics**
parts.arrow.com
Arrow Electronics E-Commerce Website that offers millions of parts with complete data & dozens of new productivity tools for Buyers and Engineers alike. My role in this project was slicing, coding, and fixing style issues
- **Al Beshara Group**
www.ebeshara.com
Beshara Group was established in 1992, under the name of Beshara Group Company. BG is fully Kuwait owned company with paid-up capital of \$1 Million USD. my role was designing and making the template for the website
- **EBus**
www.bus.com.eg
Online ticket reservation for bus in Egypt. That was my design and it was quite old style, it is 8 years old design!
- **Benea**
www.benea.com.eg
BENAA Consulting Group is an integrated Engineering consulting firm established in 1997. During the course of a distinguished 15 – year track record. i've created the website from scratch design and development
- **TicoBulb**
ticobulb.com
I've made the Design according to the client colors and converted it into a Joomla template to display the awesome products of Tico Company.
- **TryScience**
www.tryscience.org
my role was adding support for the Arabic language , in the main interface and for some games inside .
